## Head Start Buses Ready to Roll

When school starts, the buses that will transport preschool children to Milwaukee area Head Start classrooms will be ready.

The Head Start program coordinated by the Social Development Commission (SDC) has their buses and those of delegate and partner agencies ready for the new school year. All the buses were inspected prior to the start of classes to make sure they met state and program standards.

Peggy Jemison (left) performs a check-up of an SDC Head Start bus prior to start of the school year.

The check-ups included making sure that safety equipment is present and working in the Head Start buses, alarms are functioning, first aid kits are up to date, and fire extinguishers are fully charged and working properly. Bus transportation is offered to qualifying families enrolled in the preschool program.

Head Start is still enrolling three to five year old children for this school year at sites all across Milwaukee County.

The free program provides academic and social skill development, health and dental screenings, and parental involvement. For more information about the Head Start program, visit the SDC website at [www.cr-sdc.org](http://www.cr-sdc.org), click on the “Programs” page and then on the “Head Start” link. Or call 414-906-2777.
