Free Tax Preparation Service Starts

A program that prepares and files tax forms at no charge has begun serving Milwaukee County residents. The Volunteer Income Tax Assistance (VITA) Program of the Milwaukee Asset Building Coalition has started preparing taxes for its eleventh season at sites across the county. The free service has helped return more than \$100-million in tax refunds and credits to local residents since it started in 2001. For a complete list of sites and hours plus what you need to bring with you can be found on the Social Development Commission website at www.cr-sdc.org. Just click on the “Programs” page and then the link to the VITA program. Or call 414-963-2694.

An area resident is helped at the SDC Richards tax preparation site last tax season.
