Pathways from poverty to success
IN PURSUIT OF RESILIENCE & SELF-DETERMINATION
We are in the midst of a pandemic, economic crisis, and a grim reality of racial and economic disparities. Our communities are struggling. The time to act is now! You can do so by sponsoring the 2022 Summit on Poverty.

The Social Development Commission (SDC) is pleased to host the 2022 Summit on Poverty, October 25 - 27, 2022, at the Wisconsin Center District, 400 W. Wisconsin Ave, Milwaukee.

Join a movement that will help our communities turn the corner, recover and thrive.

The Summit on Poverty is a unique gathering that promotes learning, engagement, and advocacy.

We remain focused on our commitment to provide access to vital tools and resources that help impacted people establish pathways out of and away from poverty.

The Summit on Poverty will also address barriers that impact people in vulnerable communities.

The 2022 Summit on Poverty is an in-person and virtual event. With its growing outreach, it has the capability to reach more people than ever before.

We still believe we are better together, and that’s why we invite you to become a sponsor of the 2022 Summit on Poverty.

The community needs us, and we need you.

Become a 2022 Summit on Poverty sponsor today.

By participating in this conference, you will help us uphold the Promise of Community Action:

Community Action changes people’s lives, embodies the spirit of hope, improves communities, and makes America a better place to live. We care about the entire community, and we are dedicated to helping people help themselves and each other.
Who is the Social Development Foundation?

Poverty in our communities has reached an alarmingly high rate. It is nearly impossible for someone to move beyond poverty without help. This is why the Social Development Foundation is a long-time supporter of the Summit on Poverty. The Summit on Poverty is an annual catalyst for change and provides a safe space for well-informed, honest discussions.

With the ongoing impacts of the pandemic, your sponsorship is vital as we work to identify and mobilize resources to move people out of poverty.

Support this summit and our communities by becoming a 2022 Summit on Poverty sponsor today. Your support will help us as we engage the community around the theme... In the Pursuit of Resilience & Self-Determination.

The Social Development Foundation was established in 2003 as a 501(c) (3) nonprofit organization for the sole purpose of providing support for the programs and initiatives of the Social Development Commission (SDC). The mission of the Social Development Foundation is to generate awareness, identify resources, and secure support to advance the efforts of the Social Development Commission.
The Summit on Poverty is essential.

Our 2022 Summit on Poverty will examine evidence-based strategies and the latest tools for exposing and disrupting the experience of poverty. We come together as a community and discuss not just the symptoms of poverty but the key barriers to success: trauma, cognitive dissonance, policies and systems, and “the isms” including racism, sexism, and classism.

With the on-going COVID-19 global pandemic, economic crisis, and heightened realities of racial and economic disparities, our 2022 summit will highlight examples of how we collectively responded during this crisis. We’ll look at what worked, what didn’t work and why.

As we focus on the theme: In Pursuit of Resilience and Self-Determination, our 2022 summit will also look at the challenges many community leaders, service providers, and business leaders faced attempting to pivot and respond effectively to members of our community who are experiencing poverty.

Participants will examine national, regional, and local systems and how these shape policies and our collective response. By drawing attention to the structural underpinnings of poverty, we believe a well-informed and intellectually honest discussion can take place and help lead to impactful change.

Attendees include community members, business leaders, healthcare professionals, academics, advocates, human service providers, change makers, and more.
