

Hinton SDC Brief - Friday, April 17

To: SDC Staff

From: Mr. Hinton

Good Afternoon SDC:

A quick note before you break for the weekend.

I hope that this was a good and productive week. More than anything, I hope that you and those you care about are healthy and feeling well. They say it will be sunny and a little warmer tomorrow. Maybe you can find a way to enjoy the nice weather safely.

In light of the Governor's Safer at Home extension, SDC now plans to reopen on **Wednesday, May 27th**. In the next month, we'll determine what that looks like. Safety will continue to be our top priority.

Please know that in the meantime, you will continue to receive your normal paychecks. The Social Development Commission is getting assistance through the Paycheck Protection Program. This is part of the federal government's initiative to allocate resources that help keep workers on the payroll.

It's Friday. Take a moment to recharge. Take care of your families and enjoy.
