

Hinton SDC Brief - Monday, April 13

To: SDC Staff

From: Mr. Hinton

Good Afternoon SDC:

As we begin another week under Governor Evers' Stay at Home order, I want to take this opportunity to recognize our dedicated employees who continue to support our community with essential services. This includes employees in food services, weatherization, VITA, finance, security and facilities. This also includes you - the countless employees working from home.

Thank you for your service.

At this time, we are beginning to evaluate the Social Development Commission's role in a post-pandemic economy.

We'd like to hear from you.

Let us know how you think we can best serve our customers when our doors re-open.

We know from local and national news reports, parts of the U.S. economy are shut down. This spurred a wave of layoffs and furloughs. There is a record number of unemployment claims.

How do we help and what other issues like mental health and education do we need to address when return?

Also, note that the government is releasing stimulus checks to help Americans during the current pandemic. Attached you'll find a helpful notice that you can share with your network.

Again, this communication is designed to help us stay engaged and optimistic. We will get through this together.
