

Hinton SDC Brief - Tuesday, April 28

To: SDC Staff

From: Mr. Hinton

Good Afternoon SDC:

Every day we find reasons to be optimistic. According to reports, the Safer at Home order has been effective in reducing the spread of the coronavirus. We continue to prepare for the day we can fully re-open.

We need your help.

Yesterday we mentioned that there are several moves taking place (in-house) due to the re-modeling project at North Avenue. Now I need everyone to re-evaluate the *affected* work space. When you do this, please notify your manager if you have any safety concerns about the new configuration.

Also, as the recent shooting near 12th and Locust reminds us, there are serious mental health needs in our community. The community depends greatly on the resources we offer.

With that said, here is some additional information to share with your network.

The Medical College has partnered with Greater Galilee Church to conduct a COVID-19 study and provide free COVID-19 testing to elders. Call the following number for more information, 414-955-7390.
