

## Hinton SDC Brief – Tuesday, March 31

**To:** SDC Staff

**From:** Mr. Hinton

Good Afternoon SDC:

I want to share this resource with you.

We're not alone.

Around the country, Community Action Agencies like ours are trying to figure out the best way to help our communities recover. That's why the Community Action Partnership (the organization that serves CAAs at the national level) will hold weekly conference calls to address our COVID-19 response.

The content for these national partner calls will vary from week to week and the calls are intended to be a standing meeting for the Network to share information and hear about issues as needed.

There will be no standing agenda, per se, and meetings will vary depending on the given issues at the moment. Those who can attend are welcome to do so and this is open to the entire Community Action Network.

I encourage you to listen to the latest discussions. It could be a good source for news that impacts us and the community we serve.

You'll find the registration link below. The next call is Thursday, April 2nd at 2 p.m. CST.
