

Hinton SDC Brief - Wednesday, April 1

To: SDC Staff

From: Mr. Hinton

Good Afternoon SDC:

Remember, we will get through this. *Together.*
Thought you'd find the following news interesting.

The Medical College of Wisconsin recently held a town hall forum to equip our local community with the latest information on the coronavirus. As you know, information continues to evolve.

Linked below, you'll find shareable content addressing new concerns about the spread of the coronavirus. Some questions addressed are:

Should you wear a mask in public?
Why is this so prevalent in communities of color?
How long will this virus continue to spread in the Milwaukee area?
Does UV light kill the virus?

Scientists and doctors still lack a lot of answers but this conversation is informative and provides up to date information. I hope you find it helpful. Please share with your networks.

To access the MCW community virtual town hall, click [here](#). The recorded town hall forum appears after you complete the registration form.

Stay safe.
